# WHO WE ARE

Eduact

## VISION

**One step ahead in skill development through high-quality learning experiences for everyone.**

## MISSION

**We design and deliver innovative educational programs tailored to modern demands, aiming to foster personal growth, professional and social readiness through active team engagement**

**Since 2014, Eduact has been organizing the FIRST® LEGO® League in Greece, starting with 35 teams and growing to more than 250 participating teams today.**

**In 2021, it successfully hosted its first online Open international event, adapting to the challenges of the time.**

**By 2026, Eduact continues to expand its impact by organizing the Open event for the second consecutive year.**

**Eduact**

**International awards and more than 680 participants from around the world at the prestigious FIRST® LEGO® League Open International Championship Greece 2026!**

**From May 8–11, 2026, the global robotics event FIRST® LEGO® League Open International Championship Greece was held for the second consecutive year, organized by the educational organization Eduact, official FIRST® LEGO® League partner in Greece, Cyprus, and the Balkans, under the auspices of the Ministry of Digital Governance.**

**Hosted at The Ranch in Sofiko, Corinthia, the event welcomed 56 top teams from across the globe, bringing together STEM, robotics, and technology in a unique international experience for children aged 9–16.**

## **DAY 1: FRIDAY 8<sup>TH</sup> OF MAY OPENING CEREMONY**

The ceremony was honored by the presence of distinguished g Dimitris Skouras, Co-Owner of “The Ranch”, our wonderful host venue, who all shared their support and encouragement for the teams and the spirit of the event .

Kostas Vasileiou, President of Eduact, warmly welcomed the teams to this year’s FLL Open International Championship, highlighting the importance of collaboration, creativity, and innovation. Alongside him, Vasilis Tanis, Project Manager, also addressed the participants, supporting the official welcome and setting the tone for the competition ahead.

**DAY 2: SATURDAY 9<sup>TH</sup> OF MAY | COACHES MEETING**

The Coaches Meeting took place this morning, bringing together key members of the organizing and judging teams to brief participants on the upcoming activities and address any questions.

Vasilis Tanis, Project Manager, alongside Dimitris Boufidis, one of the Judge Advisors, and Panos Drillias, Head Referee, presented important information about the schedule, procedures, and expectations for the days ahead.

Representatives of LEGO® Education, Stephanie Trap and Lars Bo, also joined the meeting, warmly greeting the coaches and sharing their encouragement as the event officially gets underway.

**DAY 2: SATURDAY 9<sup>TH</sup> OF MAY | TEAMS MEET THE PRESIDENT**

**In the President's room, teams came together, met each other, and truly felt united as one community. What started as simple introductions quickly turned into meaningful conversations, shared smiles, and a strong sense of belonging among everyone present**

**“Every day feels like a new dream.”**

**And now, looking around, this dream became something much bigger than a robotics competition. It became a living community, built on connection, collaboration, and shared purpose.**
